City Clerk Burleson filed a certification of notification as follows: "(1) on April 2, 2001, a statement of impact was delivered to the Clerk of the Buncombe County Board of Commissions; and (2) a published notification

in the Asheville Citizen-Times on April 17, 2001, and April 27, 2001, included a notice of property owner's rights, a map, and a description of the areas being considered for annexation. On March 26, 2001, a letter was received from the Enka-Candler Fire & Rescue Department Inc.; on March 29, 2001, a letter was received from the Skyland Fire Department; on April 18, 2001, a letter was received from the Reynolds Volunteer Fire Department Inc.; and on April 26, 2001, a letter was received from the Haw Creek Fire & Rescue, all requesting to receive a good faith offer from the City of Asheville for fire protection services." The maps of the proposed annexations, the Annexation Services Plan and the property owners list have been displayed in the Office of the City Clerk for public inspection beginning March 30, 2001.

Mr. Benson explained that purpose of this hearing is for the City to explain the plan for extending City services to the proposed annexation area, and to give all persons resident or owning property within the area, and all residents of the City the opportunity to be heard. The effective date of annexation will be June 30, 2002.

The Old Dominion area includes 15.5 acres, subdivided into one commercial property. Annexation of this area extends the corporate limits to only property accessed by the Sweeten Creek Industrial Park Drive that is currently not in the City.

Mr. Benson then summarized the plan as follows: The Old Dominion area qualifies for annexation in that it is 100% developed. Police protection is to be extended on effective date of annexation with no increase in personnel or equipment. Fire protection is to be contracted from Reynolds Rural Fire Department (.10/9/6) and supplemented by the City to bring service up to City standards. Solid waste collection is to be extended on the effective date of annexation with no increase in personnel, or equipment. New customers would receive the automated collection service. Street maintenance services are not planned for the Old Dominion Area. Water distribution in the Old Dominion area currently meets City standards. Sewer collection in the Old Dominion area currently meets City standards. City Financial Impact - Annual Expenses = \$1,826; Annual Revenues = \$11,189; and Capital Expenditures = \$1,053.

Mr. Steve Bruce, representative of Old Dominion Freight Line, said that although no one likes to see their taxes go up, but Asheville has been good to them and they want to be good corporate citizens.
